The disposition of the day's receipts was as follows, each buyer purchasing the number of head indicated:

Cattle, Hogs, Sheep Cudahy from K. C. ... 29
Cudahy from K. C. ... 27
Other buyers .... 27 .....

Hower may bring in a few buyers next week. HOGS—Liberal receipts at all market points on the last day of the week would seem to stand for a lower market, but to offset this was the good demand and encouraging reports from all markets. The result was that the hogs sold 5c higher and in some cases 7½c higher than yesterday and the market was fairly active at the advance, so that practically everything changed hands early in the forenoon.

A few hig heavy and rough loads sold down to \$3.82 but the general run of the good mixed loads went at \$3.85 and light loads at \$3.87½@3.90. It will be remembered that yesterday over half of all the hogs here sold at \$3.80 or under.

The tendency of the hog market has been upward for the last two weeks and at the close of the present week it is at the highest point touched since the month of July, 1888. At the opening of the present week hogs were selling on an average at \$3.78, so that there has been considerable gain. The market is now 12½c higher than it was at the close of the previous week. The demand has been good all the week and buyers have taken everything received very readily at current prices.

SHEELP—Receipts of sheep have been very

readily at current prices.

SHEEP-Receipts of sheep have been very light all this week and there have not been enough on most days to make a test of the market. At the same time there have had market. At the same time there has been an active demand and packers have had use for a good many more than have been coming forward. Reports from the west indicate that western grass sheep are commencing to move in this direction and it is claimed that there will soon be a material increase in the average receipts. The few sheep that were offered this week were, as a rule, snapped up at prices that looked very high in comparison with the way the same kind of stuff is selling in the other works.

Quotations: Western wethers, \$4.9025.15 good to choice western lambs, \$5.85@6.15; fair to good western lambs, \$5.25@5.75; wstern ewes, good to choice, \$4.25@4.65; fair to good ewes, \$3.75@4.00; good to choice spring lambs, \$6.00@6.75; fair to good sprin lambs, \$5,50@6,00; common spring lambs, \$4,00@4.25; fair to good grass wethers, \$3.75@ 4.25; choice grass ewes, \$4.00@4.25.

### CHICAGO LIVE STOCK MARKET

There Were Not Enough Cattle Received to Make a Market. CHICAGO, July 8.—CATTLE—There were not enough cattle received to make a market; there were scattering sales at \$4.60@ ket; there were scattering sales at \$4.60\tilde{a}\$
4.95; prices are still holding up despite a
little weakening during the last few days.
HOGS-There was an active local and
shipping demand for hogs today, prices advancing 5619c per 100 pounds; the supply
was well taken at \$3.7664.85 for heavy, \$3.80
64.30 for mixed and butcher weights and
\$3.8564.05 for light weights; pigs brought
\$3.5694.02\frac{1}{2}\$ and cuils and rough lots \$2.00\tilde{a}\$
2.70.

3.70.
SHEEP-Today's supply of sheep was too small to amount to anything, a good share of the supply being consended direct to local shippers; prices were little more than nominal—\$2.00\;3.00 for culis up to \$5.00\;5.45 for prime flocks; yearlings were quotable at \$5.00\;6.25 and spring lambs at \$4.00\;7.00\;6.90.
RECEIPTS-Cattle, 200 head; hogs, 17.000 head; sheep, 2.000 head.

St. Louis Live Stock.

is 200 Totals ......2.540 34,070 8,292 CHICAGO GRAIN AND PROVISIONS.

Features of the Trading and Closing Quotations for Saturday. CHICAGO, July 8.—After an early advance of 1/2c today wheat turned weak on heavy country offerings and closed with a net decline of %c. Corn ruled independently strong and closed %c higher, Oats lost %c.

Provisions ruled active and surprisingly

strong. Pork advanced 20c, lard 121/2c and

ribs 15c. Wheat opened unchanged to 1/3c higher at 73%@73%c for September. Traders were in-clined to avoid new committals to either clined to avoid new committals to either side, in view of the government crop report due next Monday. Reports from North Dakota to the effect that a scourge of grasshoppers was feared stimulated some buying, but the bulls appeared weak-kneed and after getting September up to 74½c there was a grand rush to secure profits.

Selling orders poured in from the northwest, from whence buying orders should naturally have originated had there been any substantial fears of damage from "hoppers." The market became greatly con-

any substantial fears of damage from "hoppers." The market became greatly congested and half an hour before the close September slid off to 73½c. The close was only a shade above the lowest at 73½(\$673½c.) Primary receipts, while still extremely heavy, showed a steady falling off. They were 682,000 bushels today, compared with 168,000 bushels a year ago. Chicago received 93 cars, compared with 11 a year ago. Minneapolis and Duluth got 366 cars, compared with 33 last year. Atlantic port clearances footed up only 260,000 bushels wheat and flour.

Corn ruled firm, influenced principally by the strength in provisions. Local receipts

Corn ruled firm, influenced principally by the strength in provisions. Local receipts were 969 cars. Crop reports were generally favorable. Total exports for the week of over 4,000,000 bushels, more than twice the amount exported the same week of last year, helped strengthen the market. September opened steady at 33%c, advanced to 34c and closed at 33%c, a net gain of 4c.

Oats ruled dull and featureless. Cash demand was extremely light and checked speculation. Receipts were 267 cars. September opened 1/2c lower at 20%c, sold up to 21c and closed at 20%c.

Provisions were active and strong from start to finish. An advance of 10c in hogs

start to finish. An advance of 10c in hogs at the yards stimulated buyers in all de-partments at the opening. Great improve-ment was reported in the cash demand, both ment was reported in the cash demand, both domestic and foreign. September pork opened 7½c higher at \$8.62½, advanced to \$8.77½ and closed at \$8.75, a net gain of 20c. September lard opened 2½c higher at \$5.25, advanced to \$5.37½ and closed at \$5.35, a net gain of 2½c. September ribs opened 5c higher at \$4.95, advanced to \$5.10 and closed at \$5.05, a net gain of 15c Estimated receipts for Monday: Wheat, 135 cars; corn, 610 cars; oats, 223 cars; hogs, 40,000 head.

Report of Bank of Spain. MADRID, July 3.—Spanish 4s closed yesterday at 68.80. Gold was quoted at 22.50. The Bank of Spain report for the week ending yesterday shows the following: Gold in hand, no change: silver in hand, increased 1.618,000 pesetas; notes in circulation, increased 8,230,000 pesetas. LISBON, July 9.—The gold premium yes terday was \$32.

On London Stock Exchange. LONDON. July 9.—Business on the stock exchange fast week was on a moderate scale. While the bulls seemed anxious to set things a moving the delay in settling the Transvall difficulties acted as a powerful restraint.

The general tone, however, was remarkably firm, the only unfavorable feature being the weakness of consols, which were 4½ points below the best figures of the half year. Americans were fairly active on home and continental orders. The chief demand was for Erle, Pennsylvania, Louisville & Nashville and Atchison preferred. The last showed a general advance from 1 to 3 points.

Money was in good demand at from 11/2 to 13/4 per cent until Monday, at 2 per cent for a week and at from 21/2 to 2% on three

CONDITION OF NEW YORK BANKS. The Gotham Banks Have Less Surplus

on Hand Than is Usual. NEW YORK, July 9.—The Financier says The associated banks of New York, if their statement for the week ending July 8 is to be accepted as correct, have less surplus cash on hand than at any time, "with the exception of September, 1898," since the 1893 panic. But the current exhibit is so complicated by incidents due to July dis-bursements and also by the system of averages employed in making it that its totals do not possess the significance that other-wise might attach to them. Loss of about \$10,000,000 in cash, for instance, is very much more than known operations called for and the expansion of nearly \$7,000,000 in loans must reflect previous week's business. The demand for accommodation within the last four days certainly did not necessitate As the statement stands it plainly indi-

cates that every dollar of the loans has been taken from the banks in cash and withdrawal of deposits has been by a similar operation. Manifestly this is an impossible contingency. A more detailed explanation shows that of the loss in cash the National City and the Chase National banks are responsible for the entire reduction, the National City's loss having been about \$6,000,000, and its increase in loans more than \$6,000,000

It is interesting to note in this connection that whereas the average reserve of all the banks is now 25.5 per cent, e loss of 1 per cent, the reserve exclusive of the institution named is 26 per cent. In other words 62 of the 63 banks have within a small fraction of 1 per cent as much money as reported at the opening of July. The as reported at the opening of July. The refusal of call money to advance perceptibly in the face of the showing made by the banks proves that the situation is pretty well understood and that no fears are entertained as to the future.

During the next week the banks will gain heavily in cash, not only on government acheavily in cash, not only on government ac-count, but from other sources as well. It is perhaps no exaggeration to say that at the close of business Saturday the various in-stitutions were in much better shape in very way than their statements would imply. The maintenance of a 4 per cent rate on call money is of itself enough to nduce a movement of currency in this direction.

#### DEFINED BY COMPTROLLER

Heads of Departments Must be Rcsponsible for All Federal Appointments.

WASHINGTON, July 9 .- The civil service commission has made public its letter to the secretary of the treasury of June 23 last, asking that the comptroller of the treasury be requested to review his recent decision in the matter of the alleged illegal appointment of deputy United States marshals. In the course of his decision, the comptroller said:

"I will not go back of the certificate of appointment by the head of a department or appointing power, where no direct law has been violated and attempt to ascertain whether such officer in making such appointment has disregarded some rule or regulation of the civil service commission or some rule or regulation of his own regarding the classified service.

"I prefer to let the responsibility rest where it rightfully belongs and follow the precedent of years in my office to recognize the certificate of appointment of the head of a department or other appointing power to office or place, where such appointment is not in violation of law or without authority of law.

"You are authorized to pay such deputy if his account in all other respects is cor-

The commissioners in their letter contend that the appointments under consideration were made in violation of the express terms of the law and quote numerous authorities to show that the rules and regulations have all the force and effect of law and that exceptions to these rules and regulations can be legally made only in the manner provided by law. The letter concludes as fol-

lows: "Thus, from another point of view also must we arrive at the same conclusion as indicated in the early part of this discussion, namely, (1) that the comptroller does not intend to hold so long as a position once in the classified service is not excepted from the requirements incident thereto, an appointment can be made to such position without compliance with the provisions of the civil service law and rules requiring such appointment to be made through examination and certification by the commission: and (2) that consequently the only question left as issue is how, if at all, a position once in the classified service can be legally excepted or withdrawn from the requirements or law incident to its classification.

"And it has already been pointed out in the first part of this communication (1) that the law prescribes a certain definite manner in which only the position can be thus withdrawn or excepted; (2) that in the case before the comptroller the position was not withdrawn or excepted in the manner prescribed; and (3) consequently the conclusion cannot be escaped that the appointment to the position in a manner contrary to that prescribed was illegal and void and hence the person appointing was not entitled to any compensation or emolument accruing to the office."

## TRIES TO MURDER ATTORNEY

Woman Takes a Gun and Chloroforn and Attempts to Kill a Man.

SANTA BARBARA, Cal., July 9 .- Mrs Ada Addie Storke, who was to be sentenced in the superior court tomorrow for criminal libel, must now answer a charge of attempting to murder Attorney Grant Jackson in a sensational manner.

Mrs. Storke stealthily entered his bed room sometime during the night by cutting the screen from the window. She had with her two pistols, a four-ounce bottle of chloroform and a bottle of prussic acid. The attorney awoke, detected the fumes of chloroform and saw a dark figure sitting on the floor with a loaded revolver pointed Mrs. Storke replied, demanding his pistol, and as she had the drop on him, he gave

PEORIA, July 8 .- CORN-Firm, steady; up his weapon. She told him not to stir, as she would shoot him if he did, but later she ordered him to go and take the mutilated screen from the window, as she feared some one might think a burglary had been committed and come in to investigate. She followed him with the pistol, but as he returned he seized a favorable instant to seize her and after a desperate struggle disarmed her. One of her pistols was discharged,

but the bullet went through the floor. Mrs. Storke, who was once a popular newspaper writer, claims that she only went to Jackson's room to plead with him to clear her of charges against her. She says she always carries a pistol and uses chloroform for heart trouble. She was recently convicted of having written scandal ous letters reflecting upon the character of a prominent physician. She is now in jail.

West Superior (Wis.) Grain Firm File Complaint Against the Wisconsin Central Road.

MINNEAPOLIS, Minn., July 9 .- A West Superior (Wis.) special to the Times says: The grain firm of McGuire & Atwood of this city has filed charges with Railroad Commissioner Graham T. Rice of Wisconsin against the Wisconsin Central railway. The complaint of the firm is that there are unfair discriminations in the matter of freight charges and they desire them remedied under the laws of this state. A hearing will

SALE OF WISCONSIN CENTRAL

uty Railroad Commissioner Stack.

be held in this city on July 28 before Dep-

Road is Formally Turned Over to the Reorganization Committee. MILWAUKEE, July 9.-The sale of the Wisconsin Central properties at Eau Claire, Wis., Friday was confired Saturday by Judge Jenkins in chambers. Those present included the reorganization committee, Messrs. George Coppell, John Crosby Brown and William Bull, accompanied by their attorneys, with Special Master Frank M. Hoyt and other attorneys.

A decree, which was prepared in St. Paul, was presented and, after many changes were made and agreed upon, was passed upon by the court.

The decree provides that the payment of the balance of the bid, amounting to \$6,-300,000, may be made either in cash or in first mortgage bonds on Wisconsin Central property. Upon payment the special master s authorized to execute the necessary deeds of conveyance and the Wisconsin Central company and the receivers are directed to join with him in the execution. Late this afternoon the Board of Di-

ectors and managers of the Wisconsin Central company, the name of the new organiation, were elected as follows: Board of Directors: George Coppell, chairman; John Crosby Brown, William L. Bull, Charles C. Beaman, Fred L. Gates, Gerald L. Hoyt and James C. Colgate, New York; Francis R. Hart, Boston; Henry F. Whitcomb and Howard Morris, Milwaukee, President, Henry F. Whitcomb, Milwaukee; general coungel, Charles C. Beaman, New York; counsel, Howard Morris, Milwaukee; auditor, Robert Toombs, Milwaukee; treasurer, Frederick Abbott, Milwaukee; general superintendent, Sumner J. Collins, Milwaukee; general passenger agent, James C. Pond, Milwaukee; chief engineer, Robert W. I'weed, Milwaukee; purchasing agent, J. A. Whaling, Milwaukee; land taxes and industrial commissioner, W. H. Killen, Milwaukee. No general manager was chosen, but it is presumed President Whitcomb will continue to act in that capacity,

VISIT THE EXPERIMENTAL FARM.

Burlington Arranging an Excursion of Farmers to Lincoln for July 18. Tuesday, July 18, an excursion of farmers from along the Burlington railroad in Nebraska will go to Lincoln and spend a day visiting the experimental farm which is conducted there under the supervision of the University of Nebraska. None but the latest and best methods of farming are employed at this experimental station and it is accomplishing excellent work and showing grand results. The Burlington road is interested in the farmers along its lines familiarizing themselves with the improved methods of agriculture now in vogue. Improved methods means an enlargement of crop possibilities, and therefore, results in making more money for the farmer, while the railroad, in turn, profits to a reasonable degree thereby. Invitations have been ex-tended prominent farmers at Holdrege, Minden, Hastings, Fairmont, Crete, Seward, York, Aurora, Grand Island, Columbus, David City. Tecumseh and various other points along the Burlington line and it is expected that the excursion will be a great success and result beneficially.

Most of the farmers along the line who will visit the farm will be able to make the trip in one day and special accommodations, with this end in view, will be provided. A rate of one fare for the round trip has been made. The excursionists will furnish their own lunches for the trip and special provision will be made for a delightful place for the eating of the same.

It is believed that a great deal of good will be achieved by the farmers who avail themselves of the educational facilities of the experimental farm at Lincoln, and Passenger Agent Francis anticipates that the excursion will prove very popular.

Contract Let.

MINNEAPOLIS, July 9.—Tacoma (Wash.) special to the Times: The contract for building the Palmer-Auburn cut-off of the Northern Pacific was let yesterday to R C. Henry of Seattle and Nelson Bennett of Tacoma. The contract price for building the twenty-two miles of track is under stood to be about \$400,000. Some of the work is of a very difficult nature. The contractors have until November to complete the work. It is expected they will put 500 men at work within a few weeks if they can get them. The cut-off will become part of the main line, shortening the distance eight miles to Tacoma and nearly forty to Seattle.

Promotion of R. D. Fowler. TERRA HAUTE, Ind., July 9.-R. D. Fow er, superintendent of the Chicago & Eastern Illinois railroad, main division, will on next Saturday, it is stated, retire from the main line to take the superintendency of the St. Louis and St. Elmo divisions of the company and also the new line the road is at present building between Marion and Thebes. J. B. Muir, chief train dispatcher, will succeed Mr. Fowler. The change is made owing to the continued ill-health of Mr. Fowler.

## CATHOLIC PLENARY COUNCIL

Object of the Gathering Which Meets Every Twenty Years to Legislate for the Church.

WASHINGTON, July 9 .- It is said at the

residence of the apostolic delegate that the

reports emanating in the west that a plenary council of the Catholic church in America would be held two years hence, are doubtless the outgrowth of the well known fact that these councils are held about twenty years apart and two years hence will mar the twenty-year period from the time of the plenary council of Baltimore held in 1882. The assembling of such a council is an event of unusual importance to the church at him. He asked: "Who's there?" and as it brings together the entire hierarchy of archbishops and bishops to frame the legislation of the church applicable to this country. Before it be held, however, there must be a due determination by the author ities in the country and then direction from Rome for the assembling of the council. Prior to the council of Baltimore the American archbishops made a visit to Rome and petitioned the vatican for the assembling of the council. This procedure is not essential, yet some such formal action is required, and in case a council is to be held in 1902 it is thought the forthcoming meeting of archbishops which is to be held in Washington next October might consider the matter and frame a petition to the vat ican. It is not known, however, whether such a plan is being seriously considered by the prelates and the report from the west is said to be conjecture which may not prove true. Except that plenary councils are held every twenty years and there is a desire to make this the established period for their assembling there is said to be no special occasion for such an important convocation of church authorities. The question of "Americanism," which has excited much attention, has been disposed of finally by the letter of the pope, and it is said this is not a subject which could

AND NOTIONS. come before a plenary council. The condition of the church in Cuba and other Span ish-American countries is working out sat sfactorily, and it is said this would not require attention from a council, particularly as the Cuban, Porto Rican and Philippine churches are still outside the Amer ican hierarchy. For this reason the nev

archbishop of Santiago will not be present at the coming meeting of American arch bishops, nor will other branches of the Spanish-American church be represented. Therefore the American church authorities have been given no duties in connection with the church in Cuba, Porto Rico and the Philippines, the affairs there being directed through apostolic delegates respon-

sible directly to Rome. The new apostolic delegate to Canada, Archbishop Franconia, is well known to the church authorities here and the appointment is regarded as a particular one, owing to the conditions of the church in Canada, particularly in the province of Quebec. Archbishop Franconia was brought up in Aflegheny, Pa., for some time was connected with the Franciscan fraternity there. Later he was vicar general at St. Johns, New Brunswick, thence going to Rome and being His former residence in this country is relied upon to make his administration in

Canada an auspicious one. Archbishop Keane has started from Rom for this country, but he will proceed slowly making frequent visits on the continent and not reaching Washington before October. Monsignor Martinelli, the apostolic dele

gate, will go to the summer school a Madison, Wis., the latter part of this month and will make several other visits in the west.

BURIED WITH MILITARY HONORS Remains of Mrs. Marguerite Dicken

Laid to Rest at Arlington. WASHINGTON, July 9 .- The funeral of Mrs. Marguerite Dickens, wife of Captain P. W. Dickens of the navy, who lost her life by an explosion of gasoline at her home Friday, took place from her late residence this afternoon, being conducted according to the rites of the Episcopal church. The casket was covered with floral offerings sent by numerous friends and organizations, including the officers and clerks of the bureau of navigation, the Daughters of the Revolution, of which body Mrs. Dickens had been an active member, the District Volunteer and Reception Relief corps, Women's Association of the White Cross and Senon

Quesada, the Cuban commissioner. The honorary pallbearers were Rear Ad mirals Crowninshield and O'Neill, Prof. Thomas M. Chatard, Major Richard Sylves tos, Dr. W. S. Dixon, Addison B. Atkins Frederick W. Bratt and F. V. Robinson. Secretary and Mrs Long were present and the Daughters of the American Revolution and Women's Association of the White Cross attended in a body. A detachment of seamen gunners from the navy yard acted as body bearers and interment was had at Ar lington, to which place the funeral cortege was escorted by a company of District volunteers who served in the Spanish war.

WASHINGTON, July 9.—Governor Roose-velt of New York, who came to Washington vesterday for a conference with the presi the latter's invitation, returned to New York this morning.
